AIRCON
ELEVATORS

Overview [Aircon Elevators Pvt Ltd]

Established in 2014

From humble beginnings, we have grown to become a leading player in the industry, providing innovative solutions to our clients.

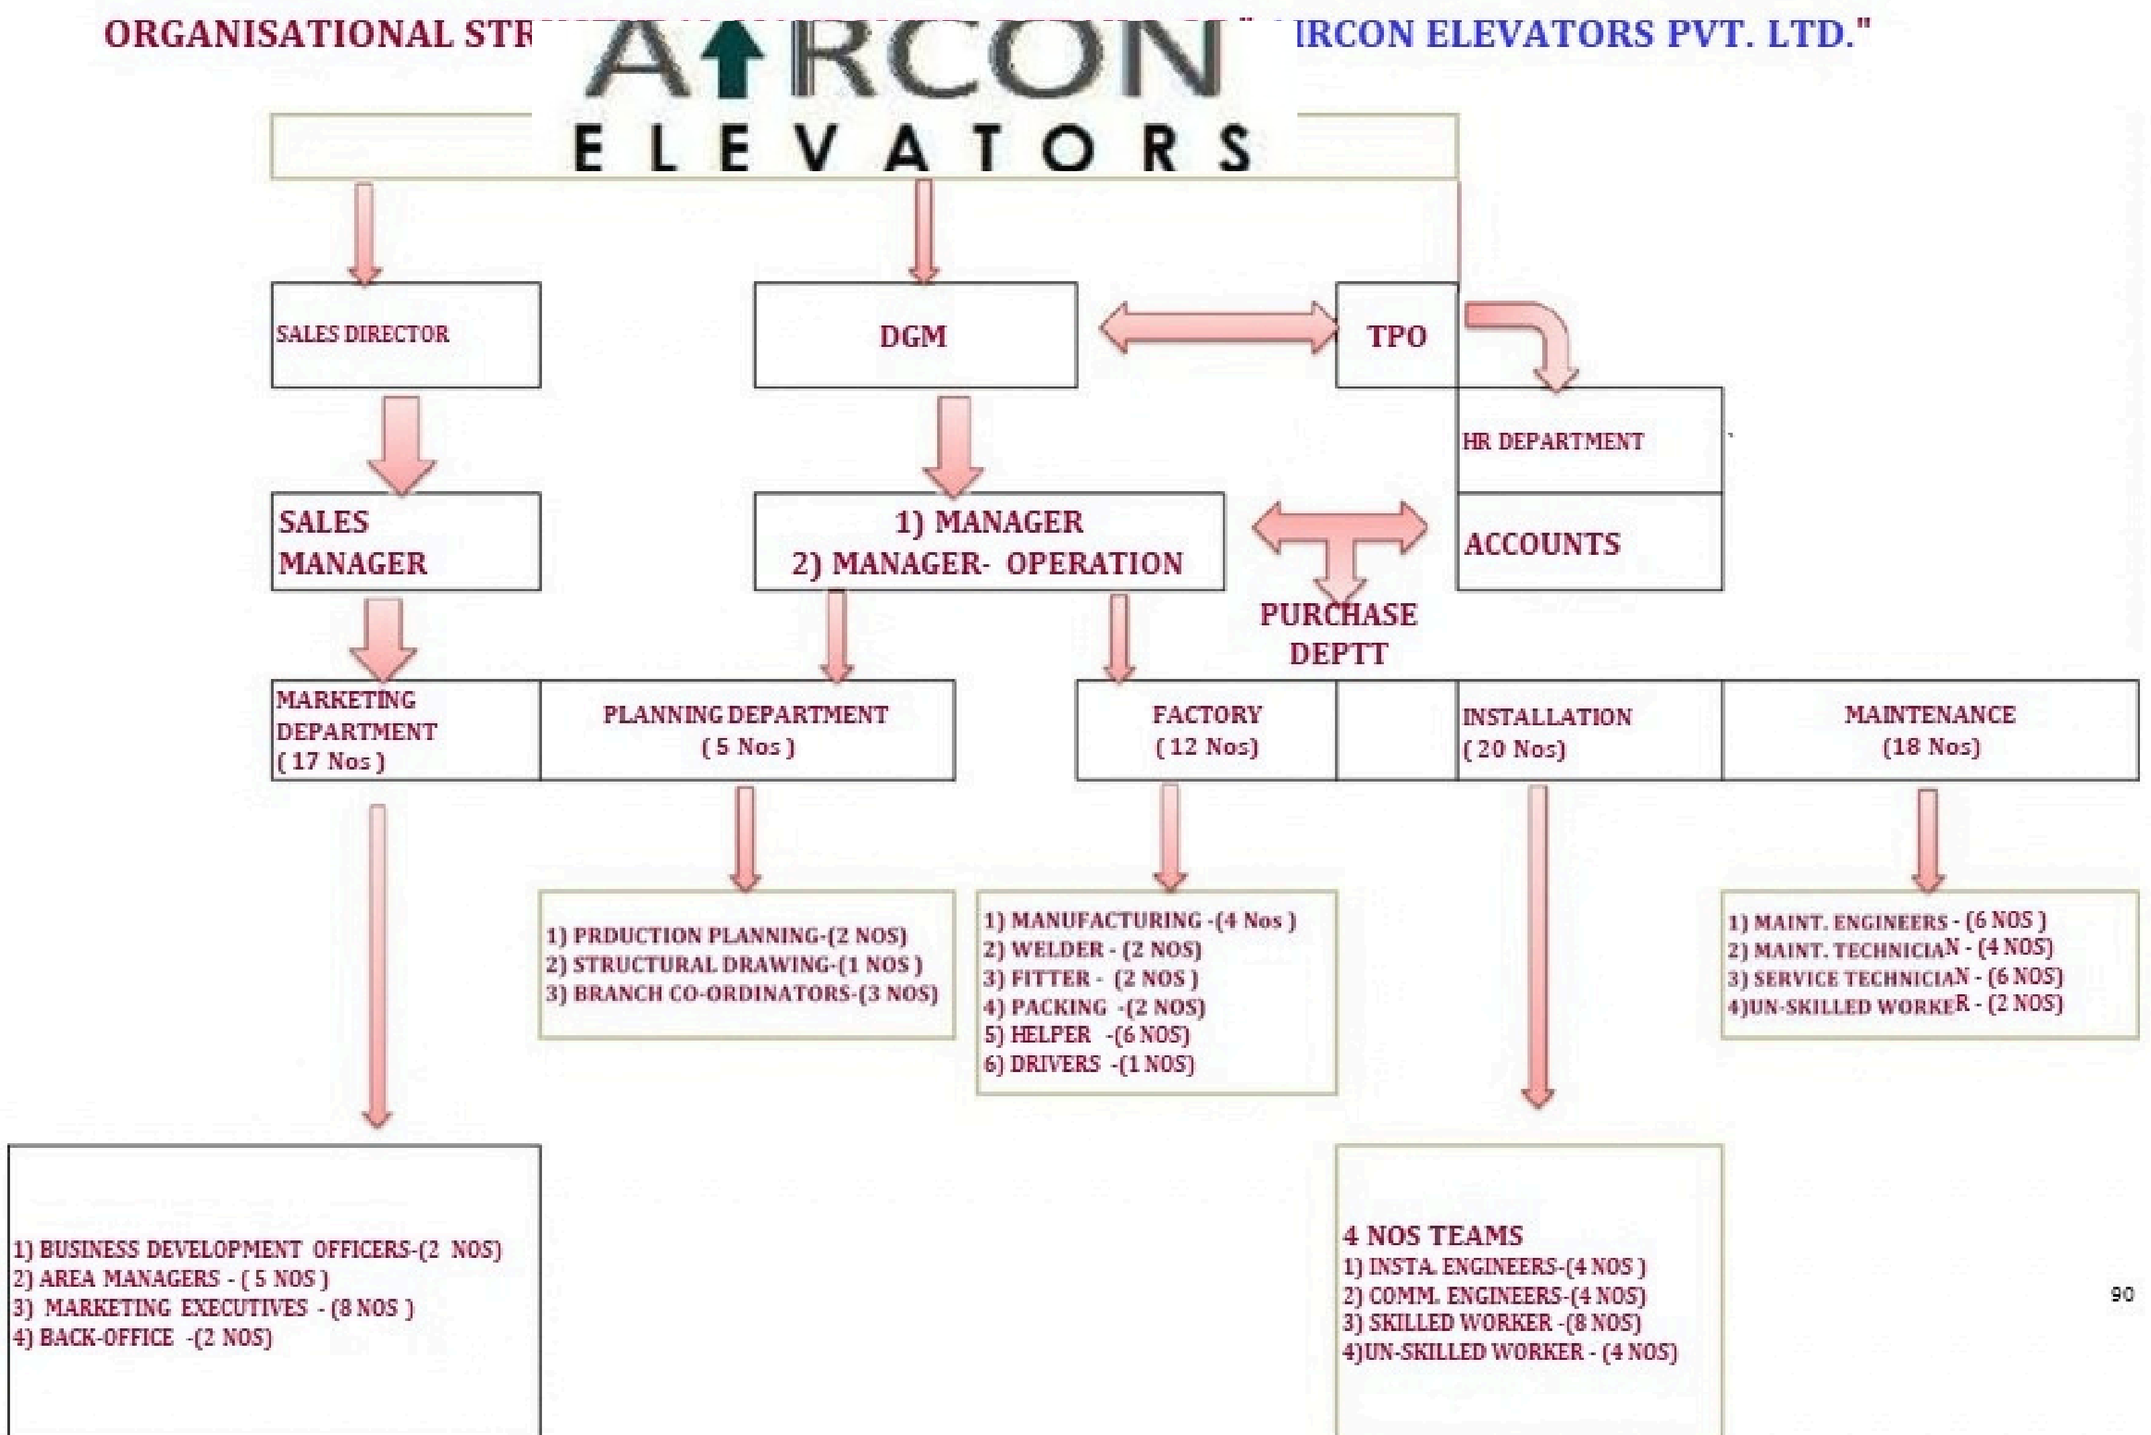

Our Presence

With offices over around 6 States and over 2 Countries over the Globe, we have expanded our reach to serve customers around the world, delivering exceptional results.

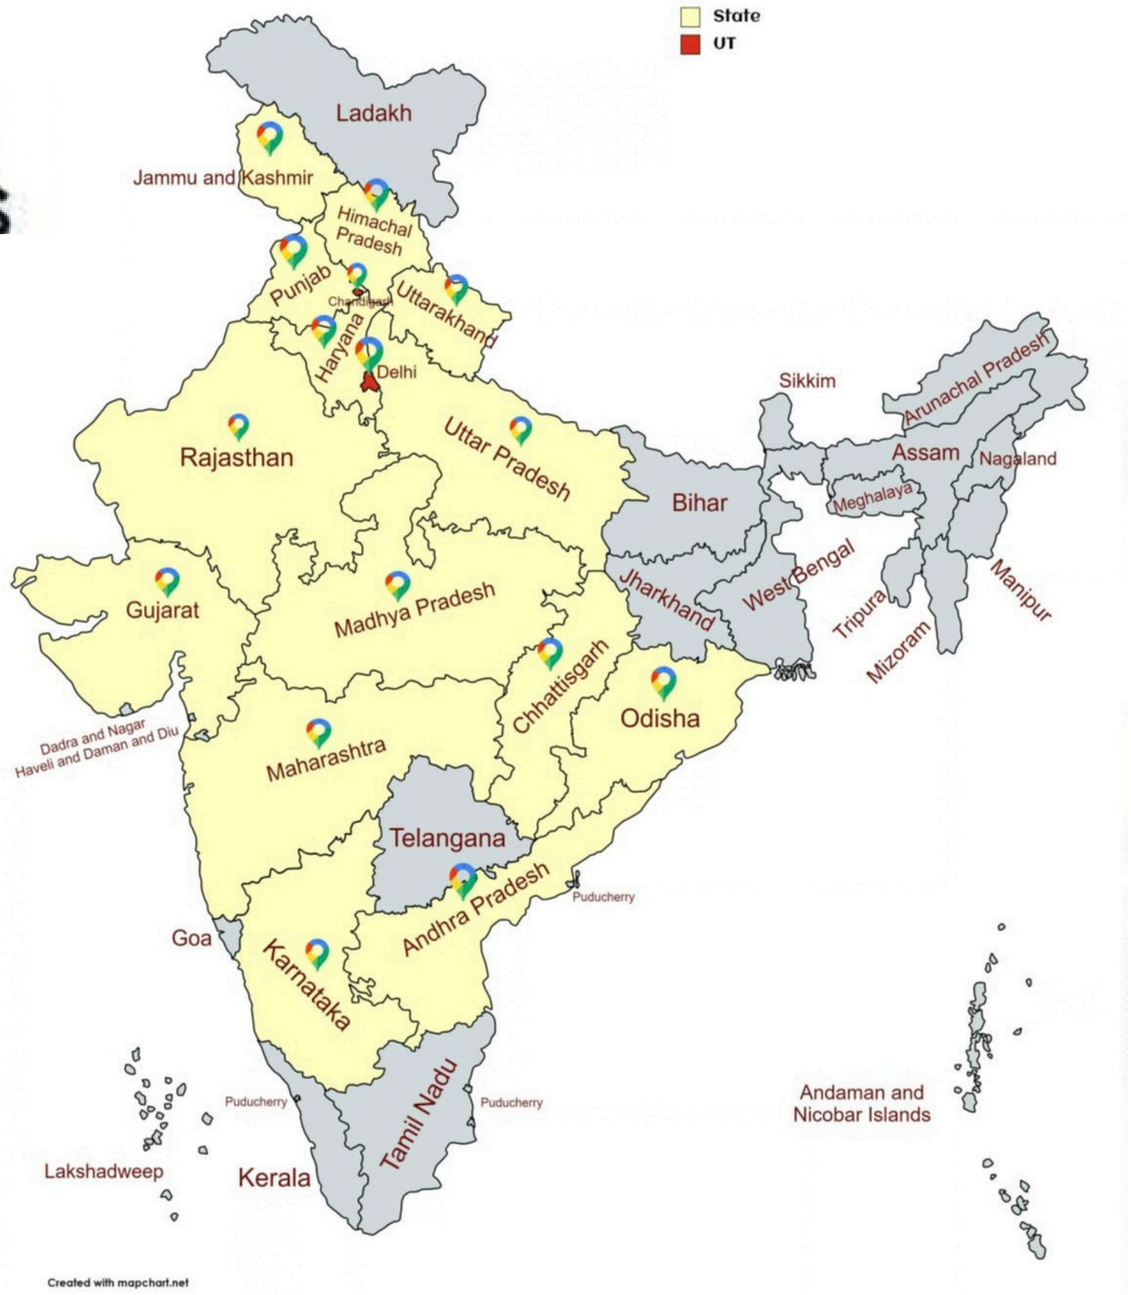

Expert Team

Our team of dedicated professionals brings together diverse expertise and a passion for excellence, ensuring our continued success.

ORGANISATIONAL STR[illegible] IRCON ELEVATORS PVT. LTD."

AARCON
ELEVATORS

🏗️Elevator Testing Tower Ensuring Safety, Quality & Performance

📝Our state-of-the-art Elevator Testing Tower is designed to thoroughly evaluate the performance, safety, and reliability of every elevator before installation. Each system undergoes comprehensive testing under real operating conditions to ensure compliance with industry standards and customer expectations.

Key Highlights

- Full-scale operational testing
- Real-world performance evaluation
- Safety verification before dispatch
- Quality assurance at every stage
- Precision engineering validation

🔍What We Test Comprehensive Testing Parameters

Every elevator is tested for multiple performance and safety parameters, including:

- Smooth acceleration and deceleration
- Floor levelling accuracy
- Door opening and closing performance
- Emergency braking system
- Automatic Rescue Device (ARD) operation
- Governor and safety gear functionality
- Noise and vibration levels
- Control panel and electrical system performance
- Emergency alarm and communication system
- Overall ride comfort and reliability

⭐Why Our Testing Tower Matters Benefits of Our Testing Process

Our dedicated testing tower helps ensure that every elevator delivers maximum safety and long-term reliability.

Advantages

- Detects issues before installation
- Ensures consistent product quality
- Improves passenger safety
- Reduces on-site installation problems
- Enhances equipment reliability
- Supports faster commissioning
- Minimizes future maintenance requirements
- Builds customer confidence through rigorous quality checks

🎯Our Commitment to Quality Committed to Excellence

At **Aircon Elevators Pvt. Ltd.**, quality is never compromised.

Every elevator passes through a rigorous testing process to ensure safe, smooth, and dependable performance. Our testing tower reflects our commitment to delivering world-class elevator solutions that meet the highest standards of safety, engineering, and customer satisfaction.

Our Promise

✔️ Safety First
✔️ Precision Engineering
✔️ Reliable Performance
✔️ Quality You Can Trust

Sub : Implementation of the E.S.I. act, 1948 and Registration of Employees of the Factories and Establishments under Section 1(3)/1(5) of the ESI Act, as amended.

Dear Sir(s),

1. It is informed that under section 1(3) of the ESI Act, 1948 is applicable to all factories covered under the Act within the area where your factory is situated.

2. It is further informed that the appropriate Government has extended the provisions of the Act to other establishments Under Section 1(5) of the Act in this area

3. Under Section 2 A of the Act such a factory/establishment is required to register itself under the Act and Chapter IV thereof casts a responsibility on the principal employer thereof to get his employees registered and pay contributions in respect of these employees covered under the Act.

4. On the basis of the particulars in respect of your factory/establishment submitted by you/ on the basis of the report of the inspection conducted by the Social Security Officer, who inspected your factory on -NA-, your factory falls within the purview of Section 2(12) of the Act with effect from 01/12/2016. In case, however, subsequent facts reveal that your factory was coverable from a date prior to the date mentioned above, you shall make yourself liable to comply with the provisions of the Act from such earlier date.

5. It is requested to take immediate steps for registration of your employees by submitting declaration forms online, payment of contribution, maintenance of records etc. from the date of coverage of your factory/establishment under the act.

6. You are also requested to submit employer's registration form (form 01) on line, as required under the provisions of sec.2-A of the ESI Act , 1948 read with regulation 10-B of the ESI(General), Regulations, 1950(only in case your Code No. is alloted as a result of Survey by a Social Security Officer of ESI Corporation).

7. For the sake of convenience your factory/establishment has been allotted code No **22001220110001015** which may kindly be used in all communications sent to this office and on all forms at the place indicated for the purpose. The Branch Office of the Corporation situated at **Model Branch Office Nangloi,A-5 Naresh Park Extn.,Above Vijaya Bank,Near Water Tank,Najafgarh Road, Nangloi-110041** has been instructed to render necessary assistance to you in connection with registration of your employees. In case you find any difficulty or for any other purpose which may be necessary in connection with the Scheme you are requested to contact the Manager of the above Branch Office who will render necessary help in the matter.

(This is a computer generated certificate. The authenticity of this document may be verified by clicking on `View Your IEC` link on the website of DGFT i.e http://dgft.gov.in)

1.	नाम/Name	Aircon Elevators Private Limited
2.	पता/Address	H.No. 487/68, Back Side Portion Second Floor, Peera Garhi Delhi WEST DELHI 110087
3.	उस व्यक्ति का नाम व पदनाम जिनका फोटो ग्राफ अपलोड किया गया है|Name and Designation of the signatory applicant whose photograph has been uploaded	 MANOJ KUMAR DIRECTOR
4.	ब्रांच/डिवीजन/इकाईका पता, यदि कोई हो Address of the Branch/Div./Unit if any	Branches NIL
5.	आईईसी संख्या/IEC Number	**0516003718**
6.	जारी करने की तिथि/Date Of Issue	17.01.2017
7.	स्थाई खाता सं.(पैन)/PAN	AAMCA7635A

स्थान:/Place :New Delhi
दिनांक:/Date :17.01.2017

(Gobinda Banerjee)
विदेश व्यापार विकास अधिकारी/Foreign Trade Development Officer

(Issued From File.No./फा0सं0[05/04/130/93840/AM17/] से जारी दिनांक dated 12.01.2017)

टिप्पणी/Note: 1. आईईसी धारक के नाम, पता एवं संविधान में किसी भी परिवर्तन के मामले में आईईसी धारक इसी बीच आनुषंगिक परिवर्तन की तारीख से 90 दिन की अवधि की समाप्ति के बाद आईईसी के मद्दे आयात-निर्यात करने का पात्र नहीं होगा। जब तक ऐसे परिवर्तनों को संबंधित

(IEC) Importer Exporter Code [DGFT]

Revenue Growth

Consistent Growth

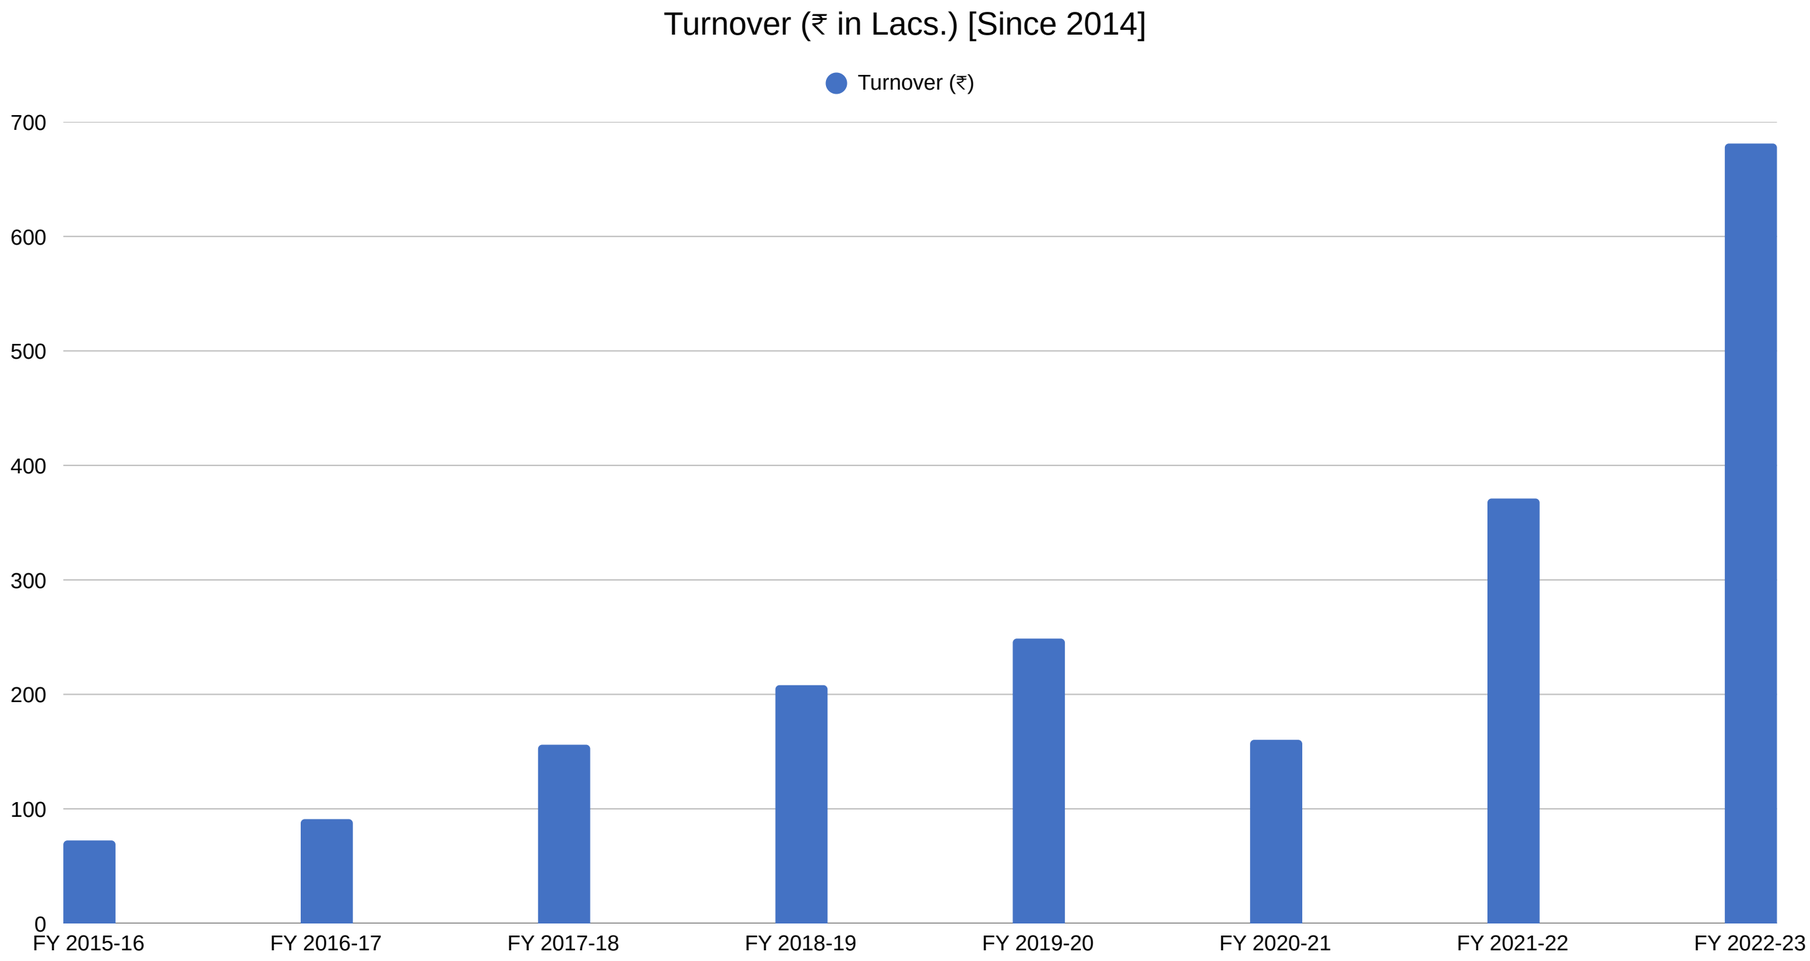

Through strategic partnerships and a focus on customer satisfaction, our revenue has experienced steady growth year over year.

Milestone Achievements

Our innovative products and solutions have enabled us to surpass revenue targets, establishing ourselves as industry leaders.

Future Expansion

With new market opportunities on the horizon, we are poised for further revenue growth and increased stakeholders value.

Profit Margins

Efficiency and Optimization

By implementing cost-saving measures and streamlining processes, we have achieved impressive profit margins, maximizing our financial performance.

2 Investment in Processes

Continual investments in ongoing Processes have allowed us to create cutting-edge solutions, driving higher profit margins through Improvements.

3 Market Differentiation

Through our focus on delivering unique value to customers, we have effectively positioned ourselves for premium pricing, strengthening our profit margins.

Customer Satisfaction

Customer-Centric Approach

We prioritize the needs and expectations of our customers, consistently delivering exceptional experiences that drive high levels of satisfaction.

Positive Feedback Loop

By actively listening to customer feedback and continuously improving our products and services, we foster long-term relationships grounded in trust.

Repeat Business and Referrals

Our commitment to customer satisfaction has resulted in a loyal customer base, with repeat business and referrals serving as a testament to our excellence.

ELEVATORS

OURPRESTIGIOUSCLIENTS

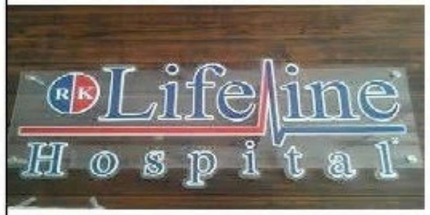

Market Share

Market Penetration

Through a comprehensive marketing strategy, we have successfully penetrated new markets, establishing a solid foothold and expanding our market share.

Competitive Edge

2

Our ability to differentiate ourselves from competitors by offering unique value propositions has allowed us to capture a significant share of the market.

3

Ongoing Growth

Continued investments in market research and strategic partnerships ensure our continued growth and increased market share over time.

Employee Turnover

Employee Engagement

We prioritize creating a positive work environment, fostering a culture of engagement and empowering our employees to thrive.

2 Learning and Development

We invest in the growth and development of our employees, providing them with the necessary tools and opportunities to enhance their skills and progress in their careers.

3 Retention Strategies

Through competitive compensation, recognition programs, and a supportive leadership team, we have successfully minimized employee turnover, ensuring stability and continuity.

Future Projections

Market Expansion

Capitalizing on emerging opportunities, we anticipate entering new markets, expanding our product offerings, and broadening our customer base.

Technological Innovation

Continued investment in research and development will drive technological innovation, allowing us to stay ahead of the curve and meet evolving customer demands.

Sustainable Practices

Commitment to sustainability will remain a core focus, with green initiatives and environmentally conscious practices shaping our future operations and offerings.

Types of Lifts & Elevators

Passenger Lifts

Designed to transport people safely and efficiently, these lifts are found in residential buildings, hotels, and offices.

Glass Elevators

These visually striking lifts are often installed in luxury buildings, providing a unique and panoramic view during the ride.

Freight Lifts

Specifically designed to carry heavy loads, these lifts are commonly used in warehouses, factories, and industrial settings.

Safety Features in Modern Lifts & Elevators

Emergency Stop Buttons

Located prominently in the lift car, these buttons enable passengers to halt the elevator in case of an emergency.

2 Overload Protection

Sensors monitor the weight of the lift and prevent it from operating if it exceeds the maximum load capacity.

3 Automatic Rescue Devices

In case of a power failure, these devices allow passengers to safely exit the lift through floor-level openings.

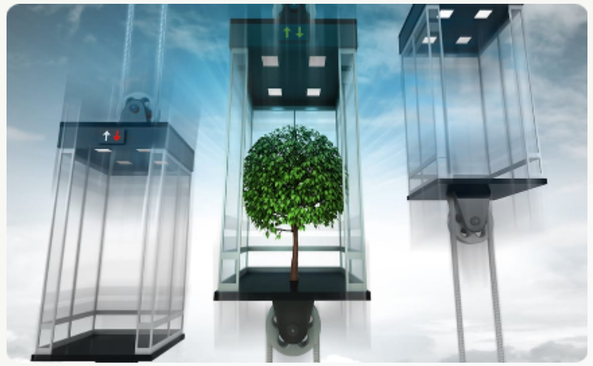

The Latest Technologies in Lifts & Elevators

Smart Elevators

Equipped with advanced technologies, such as touch-free controls and destination dispatch systems, these elevators optimize efficiency and convenience.

Green Elevators

Utilizing regenerative drives and energy-saving mechanisms, these elevators reduce power consumption and minimize their environmental impact.

Accessibility Enhancements

Elevators with features like braille buttons, voice announcements, and spacious designs ensure inclusivity for people with disabilities.

Maintenance of Lifts and Why It's Important

Preventative Maintenance

Regular checks and cleaning of the lifts are essential for maintaining lift safety and prolonging its life cycle.

Repair and Replacement

Qualified professionals should identify and repair all problems to ensure the safety of users. If a part is worn out or damaged, it needs to be replaced to avoid further structural damage.

Inspection Check

A lift should be inspected at least once a year to ensure it is still safe to use. Annual checks by lift professionals will not only reduce the possibility of lift breakdowns but also provide reassurance to the building owners and lift users.

Made with Gamma

Maintenance & Servicing of Lifts & Elevators

Regular Inspections

Experienced technicians conduct routine inspections to identify potential issues and ensure the smooth operation of lifts and elevators.

Scheduled Maintenance

Thorough maintenance is carried out periodically to prevent breakdowns and extend the lifespan of lifts and elevators.

Emergency Repairs

24/7 emergency repair teams promptly address any unexpected malfunctions to minimize downtime.

Current Industry Trends: Advancements and Innovations

Destination Control System

Provides efficient elevator routing, reducing waiting times and optimizing passenger flow.

Wireless Connectivity

Elevators equipped with Wi-Fi and mobile connectivity offer enhanced passenger experiences and connectivity.

Predictive Maintenance

Utilizing IoT sensors and data analytics, elevators can detect potential malfunctions in advance, allowing for proactive maintenance.

Environmental Impact of Lifts & Elevators

Energy Efficiency

Modern elevators prioritize energy efficiency, reducing electricity consumption and lowering carbon emissions.

2 Recyclable Materials

Manufacturers are increasingly using recycled and sustainable materials in the construction and maintenance of lifts and elevators.

3 Regenerative Drives

Regenerative drives harness energy generated during descent to power the lift during ascent, further conserving energy.

Common Issues with Lifts and How to Address Them

Loud or Noisy Lifts

Check the lift's mechanical parts to see where the noise is coming from. Lubricate the bearings and rollers and regularly maintain the lift to prevent the noise.

2 Lift Door Not Closing

Ensure the door tracks and electric strikes are correctly adjusted and free of debris/rubbish. If the issue persists, use a professional lift technician.

3 Overweight Capacity

Lifts have strict capacity limits. Avoid damaging the lift and putting users' safety at risk by always within the approved limit.

Made with Gamma

Training & Education for Lift Technicians

Training Programs

Training programs provide education to students wishing to become certified lift technicians. They cover safety and technical maintenance aspects of lifts.

Continuing Education

Continuing education is crucial to keeping up to date with the latest industry trends, safety regulations, and technological advancements.

Hands-On Experience

Get hands-on experience to work on different types of elevators and learn how to work through different issues.

Made with Gamma

Future of the Lift Sales and Maintenance Industry

Advancement in Technology

New technological features such as phone-activated security, energy efficiency, and touchless controls are becoming increasingly popular.

2

Green Initiative

Integration of eco-friendly products, such as energy-efficient lighting and recycled materials, is essential in promoting sustainable elevator systems.

3

Increased Urbanization

As urbanization continues to grow, the demand for tall buildings and complex lift systems rises, creating job opportunities and increased revenue for the industry.

Made with Gamma

The Future of Lifts & Elevators

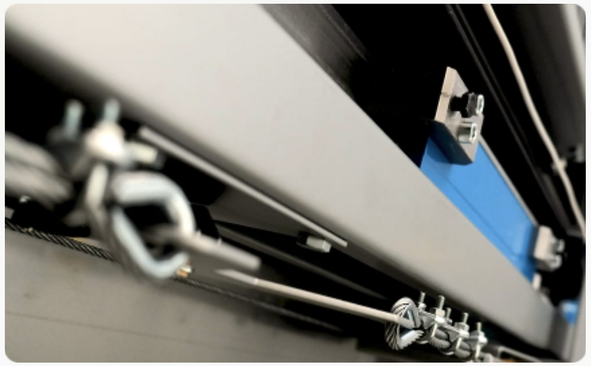

Vertical Transportation Technology

Robotic and automated systems are being developed to provide efficient and seamless vertical transportation in the future.

Integration with Smart Buildings

Elevators will play a crucial role in smart buildings by seamlessly connecting with other building systems and enabling advanced functionalities.

Magnetic Levitation (Maglev) Elevators

This innovative technology eliminates the need for ropes and pulleys, enabling faster and smoother rides.
